The Grant.

The grant will be \$150; \$100 payable on approval of the application and \$50 payable on completion of the film.

Use of the funds.

The funds are to be used for "consumables" i.e. gas; catering; recording materials; rentals; props; not for capital expenses such as equipment; software etc. The film maker must provide receipts and accounting to cover the value of the grant on completion of the film to receive the second payment.

Credit.

The Space Between must receive a credit as a Producer; this must be included in the same card as the named producers and in the same font size and duration. We also reserve the right to include the film in the TSB annual film show and a copy for the TSB archive and enter in selected film festivals. All rights and credits in the film remain the property of the film maker.

Resources. Attach information about your resources; both equipment and people and your needs; we may be able to help in these areas.

I have read and understand the rules applied to the TSB Production Grant and I will meet these requirements. Any questions? Please contact Ned Cordery goslands@infowest.com
